# Disclaimers

Except as expressly provided otherwise in writing by WORLD3, the Services, including any content and digital assets made available through them, are offered on an "as is" and "as available" basis without any warranties or conditions of any kind, either express or implied.

## 1. Scope of Disclaimers:

- **No Warranty on Services:** WORLD3 and its affiliates, licensors, and service providers make no representations or warranties that the Services will meet your requirements, be available on an uninterrupted, timely, secure, or error-free basis, or be accurate, reliable, complete, legal, or safe. The functionality, availability, or accuracy of the Services is not guaranteed.
- **Content and Digital Assets:** All content, including digital assets such as NFTs available on the Services, are provided without warranties of any kind. This includes, without limitation, implied warranties or conditions of merchantability, fitness for a particular purpose, title, and non-infringement. WORLD3 does not warrant that any content on the Services is accurate, complete, reliable, current, or error-free.

## 2. Limitation of Liability:

- **User Responsibility:** You are solely responsible for your use of any digital assets, including NFTs, and any third-party programs connected to the WORLD3 platform. WORLD3 is not liable for any loss or damage arising from the use or inability to use digital assets, including but not limited to:
  - User errors such as forgotten passwords, private keys, or seed phrases, incorrect transactions, or mistyped addresses.
  - Server failures, data losses, or corrupted wallet files.
  - Unauthorized access to accounts or any third-party activities such as the use of viruses, phishing, brute-forcing, or other methods of attack against the Services or any digital assets.
  - Any losses related to third-party programs, including depreciation, fraud, or total loss of funds or assets.
- **Third-Party Programs:** WORLD3 makes no assurances regarding the availability, functionality, or expected performance of third-party programs or providers. Participation in third-party programs may result in losses, and WORLD3 bears no responsibility for decisions to participate in such programs or any resulting damages.

- **Blockchain Technology:** NFTs and other digital assets are intangible assets that exist solely by virtue of the ownership record maintained on the applicable blockchain network. Any transfer of title in these assets occurs on the decentralized ledger within the blockchain. WORLD3 does not guarantee the successful transfer of title or payments associated with these digital assets.
- **Security Risks:** You accept the inherent security risks associated with providing information and dealing online over the internet. WORLD3 cannot and does not guarantee the security of any data you disclose online or that the Services or content are free of viruses or other harmful components. You assume all risks associated with your online activities unless such security breach is due to WORLD3' s gross negligence.

### 3. No Liability for Certain Events:

- **Technical Issues:** WORLD3 is not responsible for any losses due to vulnerabilities, software failures (including wallet software, NFTs, smart contracts), or issues with the blockchain, including forks or technical node issues that result in loss of funds.
- **Late Reporting:** WORLD3 is not liable for losses resulting from late or non-reporting by developers or other representatives regarding any issues with the blockchain supporting digital assets.

### 4. Legal Compliance and Exclusions:

- **Exclusions:** Nothing in these Terms shall exclude or limit liability for fraud, death, or bodily injury caused by gross negligence, violation of laws, or any other activity that cannot be lawfully limited or excluded.
- **Jurisdictional Variance:** Some jurisdictions do not allow the exclusion of implied warranties in contracts with consumers. In such cases, the exclusions stated herein may not apply to you to the extent prohibited by applicable law.

## Assumption of Risk

In engaging with the WORLD3 Services, you acknowledge and assume all risks associated with the use of blockchain technology and digital assets, including but not limited to, non-fungible tokens (NFTs). This section details the specific risks and their implications.

### 1. Market Volatility and Asset Value:

- **Volatility of Digital Assets:** The market for blockchain-based assets, including digital assets and NFTs, is highly volatile. Prices and liquidity may fluctuate significantly and unpredictably. Market conditions can change rapidly, potentially resulting in substantial depreciation or even total loss of value in your digital assets.

- **Market Influences:** External factors, such as fluctuations in the value of other blockchain-based assets, regulatory developments, and changes in public perception, can materially and adversely affect the value of digital assets held or traded through the WORLD3 Services. WORLD3 provides no guarantees regarding the stability, value, or liquidity of any digital assets.

## 2. Technological and Operational Risks:

- **Inherent Risks of Blockchain Technology:** Utilizing blockchain technology involves inherent risks, including those related to the decentralized nature of the technology. These risks include but are not limited to:
  - **Software Failures:** Failures or malfunctions in the software that underlies blockchain technology, including smart contracts, may result in the loss or mismanagement of digital assets.
  - **Security Vulnerabilities:** The use of blockchain technology is subject to cybersecurity threats such as hacking, phishing, and other forms of cyber-attacks, which may compromise your digital assets and personal information.
  - **Network Issues:** Problems with the blockchain network, such as congestion, forks, or technical issues, may impede transactions, lead to delays, or cause loss of assets.
- **Lack of Control:** As blockchain transactions are irrevocable and managed on a decentralized ledger, WORLD3 has no ability to reverse or recover transactions once they have been processed. Users must exercise caution and ensure the accuracy and security of their transactions and wallet management.

## 3. Regulatory and Legal Risks:

- **Uncertain Regulatory Landscape:** The regulatory environment surrounding blockchain technology, digital assets, and NFTs is evolving and may be subject to significant changes. Future regulatory actions could negatively impact the development and utilization of these technologies and assets, potentially rendering certain activities illegal or restricting their use.
- **Legal Compliance:** You are solely responsible for ensuring that your use of digital assets and participation in the WORLD3 Services complies with all applicable laws and regulations. This includes but is not limited to:
  - **Tax Obligations:** Determining and fulfilling any tax obligations related to your digital assets or transactions. WORLD3 does not provide tax advice and is not responsible for your tax compliance.
  - **Jurisdictional Restrictions:** Adhering to any jurisdictional restrictions that may apply to your use of blockchain technology and digital assets.

## 4. Economic and Market Risks:

- **Potential for Loss:** There is a risk that you may suffer a complete loss of the value of your digital assets. Market conditions, technological challenges, or regulatory changes can lead to significant economic impacts on the value and usability of digital assets.
- **Lack of Guarantee:** WORLD3 makes no representations or guarantees regarding the potential for profit or financial gain through the use of its Services. Participation in the digital asset market is speculative and should be approached with a clear understanding of the risks involved.

## 5. User Responsibility:

- **Due Diligence:** Users are encouraged to conduct thorough research and due diligence before engaging in transactions involving digital assets. This includes understanding the mechanics of blockchain technology, the specific terms of digital asset transactions, and the potential risks involved.
  - **Risk Acceptance:** By using the WORLD3 Services, you acknowledge that you fully understand and accept these risks. WORLD3 is not liable for any losses or damages arising from your engagement with digital assets or blockchain technology.
- 

## Limitation of Liability

**To the fullest extent permitted by law, WORLD3 and its affiliates, including their licensors, service providers, employees, contractors, agents, officers, and directors, shall not be liable for any indirect, special, incidental, consequential, or punitive damages arising out of or in connection with your use, or inability to use, the Services.**

### 1. Types of Non-Recoverable Damages:

- **Exclusion of Certain Damages:** WORLD3 shall not be liable for damages including, but not limited to:
  - Personal injury, pain and suffering, or emotional distress.
  - Loss of revenue, profits, or business opportunities.
  - Loss of anticipated savings or use of Services.
  - Loss of goodwill or reputation.
  - Loss of data or digital assets, including NFTs.
  - Loss of access to any digital wallet or associated digital assets.
  - Any other damages of any kind, regardless of the legal theory under which the claim arises, whether it be tort (including negligence), breach of contract, or any other legal cause of action, even if such damages were foreseeable.

## 2. Aggregate Liability Cap:

- **Maximum Liability:** In no event shall WORLD3' s aggregate liability for all claims related to the Services exceed the greater of:
  - \$100; or
  - The total amount of fees received by WORLD3 from you in connection with the digital assets that are the subject of the applicable claim.

This limitation of liability applies regardless of the form of action, whether in contract, tort (including negligence), or otherwise, and regardless of whether WORLD3 has been advised of the possibility of such damages.

## 3. Limitation on Time to File Claims:

- **Claim Period:** Any cause of action or claim you may have arising out of or relating to these Terms or the Services must be commenced within one (1) year after the cause of action accrues. Failure to commence such action within this period will result in the permanent waiver and bar of the claim.

## 4. Legal Exceptions:

- **Non-Excludable Liability:** This section does not exclude or limit any liability that cannot be excluded or limited under applicable law, including liability for fraud, intentional misconduct, gross negligence, or where statutory rights cannot be waived.
- **Jurisdictional Variance:** Some jurisdictions do not allow the exclusion or limitation of liability for consequential or incidental damages. In such jurisdictions, the above limitations and exclusions may not apply to you to the extent such limitations or exclusions are prohibited by applicable law. In such cases, WORLD3' s liability shall be limited to the maximum extent permitted by law.

## 5. Scope of Liability Disclaimer:

- **General Limitation:** The limitations set forth in this section are intended to apply broadly, encompassing any and all claims, regardless of the specific cause of action or legal theory asserted. The disclaimers and liability limitations herein reflect the allocation of risk between you and WORLD3, constituting a fundamental part of the agreement between the parties.
- **Risk Assumption:** You acknowledge and agree that your use of the Services involves inherent risks, and you accept these risks voluntarily. WORLD3' s liability is intended to be limited in accordance with this section, and your acceptance of these Terms signifies your agreement to these limitations.

Users of WORLD3 Services agree to resolve disputes through the following structured and binding processes, ensuring clarity and fairness in handling conflicts that may arise.

## 1. Informal Resolution Process:

- **Initial Steps:** Prior to pursuing formal dispute resolution mechanisms, users are required to contact WORLD3 directly and make a sincere and sustained effort to resolve any disputes informally. This step is essential to explore potential resolutions without resorting to legal proceedings, promoting effective and amicable settlements.
- **Communication Requirement:** Users agree to provide comprehensive details of their dispute to WORLD3, and WORLD3 commits to responding promptly and collaboratively to address these concerns.

## 2. Binding Arbitration Agreement:

- **Arbitration Requirement:** Any dispute arising out of or in connection with these Terms, including questions regarding their existence, validity, or termination, shall be referred to and finally resolved by binding arbitration. This arbitration will be administered by ICDR Canada, the Canadian division of the International Centre for Dispute Resolution (ICDR), in accordance with its rules in effect at the time the dispute is referred.
- **Arbitration Procedure:**
  - **Arbitrator Selection:** The arbitration tribunal shall consist of one arbitrator, mutually agreed upon by the parties, or, failing such agreement, appointed by ICDR Canada.
  - **Language and Location:** The arbitration shall be conducted in English (or French if requested by both parties), with Edmonton, Alberta, designated as the seat of arbitration. However, the physical location of the hearings may be elsewhere by mutual agreement.
  - **Arbitration Rules:** The arbitration will proceed under the Arbitration Rules of ICDR Canada, which are incorporated by reference into this clause.
- **Finality of Award:** The arbitrator's award shall be final and binding on both parties and may be entered as a judgment in any court of competent jurisdiction.

## 3. Class Action Waiver:

- **Individual Claims Only:** Users agree to bring any claim in their individual capacity and not as a plaintiff or class member in any purported class, collective, or representative action. This waiver applies to all forms of dispute resolution, including arbitration.
- **Arbitrator's Authority:** The arbitrator shall not have the authority to combine or aggregate similar claims or conduct any class action, nor make any award to any person or entity not a party to the arbitration.
- **Enforceability:** If any part of this Class Action Waiver is found unenforceable, it may only be determined by a court of competent jurisdiction and not by an arbitrator. The waiver of rights to participate in a class action or representative action means that claims must be decided individually.

## 4. Waiver of Jury Trial:

- **Jury Trial Waiver:** In the event that a claim proceeds in court rather than arbitration, both you and WORLD3 waive any right to a jury trial. This waiver is intended to expedite the resolution process by avoiding the complexities and delays associated with jury trials.
- 5. Additional Considerations:**
- **Severability:** Each provision within this dispute resolution framework is intended to be severable. If any part of the arbitration agreement or class action waiver is found invalid or unenforceable, the remaining provisions shall remain effective.
  - **Confidentiality:** All aspects of the arbitration proceeding, including but not limited to the arbitration award, shall be kept confidential unless disclosure is required by law or necessary to enforce the arbitration award.
- 6. Legal Jurisdiction and Venue:**
- **Jurisdictional Limitations:** While arbitration is the primary method for dispute resolution, any court proceedings related to arbitration or enforcement of arbitration awards shall be governed by the laws of the Province of Alberta, with venue in the courts of Edmonton, Alberta, Canada.
  - **Notice Requirements:** In the event of initiating formal dispute resolution, users must provide written notice to WORLD3 outlining the nature and basis of the dispute and the specific relief sought. Such notice should be sent to [contact@matrixlabs.org](mailto:contact@matrixlabs.org) or the address provided on the WORLD3 website for legal correspondence.
- 

## Miscellaneous

The following provisions establish the general legal principles and procedural rules governing your interaction with WORLD3 Services, ensuring clarity in the application and interpretation of the Terms.

### 1. Governing Law and Venue:

- **Applicable Law:** These Terms, including your access to and use of WORLD3 Services and participation therein, shall be governed by and construed in accordance with the laws of the Province of Alberta and the federal laws of Canada applicable therein. This choice of law applies without regard to its conflicts of law principles or any other jurisdiction's laws that might otherwise apply.
- **Exclusive Venue:** Any disputes arising under these Terms that are not subject to arbitration or that are permitted to be heard in a court of law will be exclusively resolved in the courts located in Edmonton, Alberta, Canada. You agree to submit to the personal jurisdiction of these courts and waive any objection to such jurisdiction or venue based on inconvenient forum or similar grounds.

## 2. Severability:

- **Severability of Terms:** If any provision, or part thereof, of these Terms is held invalid, illegal, or unenforceable by a court or tribunal of competent jurisdiction, such provision shall be severed from these Terms, and the remaining provisions shall continue in full force and effect. This ensures that the invalidity of a specific provision does not affect the enforceability of the remaining Terms.
- **Preservation of Intent:** The parties agree to replace any invalid or unenforceable provision with a valid, enforceable provision that most closely approximates the intent and economic effect of the invalid or unenforceable provision.

## 3. Waiver:

- **Non-Waiver of Rights:** No waiver by WORLD3 of any term or condition set forth in these Terms shall be deemed a further or continuing waiver of such term or condition or a waiver of any other term or condition. Any failure by WORLD3 to assert a right or provision under these Terms shall not constitute a waiver of such right or provision.
- **Written Waivers:** Any waiver must be in writing to be effective. Verbal or implied waivers are not recognized under these Terms. This ensures that all waivers are intentional and documented.

## 4. Assignability:

- **Non-Transferable Rights:** These Terms are personal to you. You may not assign, transfer, or delegate any of your rights or obligations under these Terms without the prior written consent of WORLD3. Any attempt to do so without such consent shall be null and void.
- **WORLD3' s Rights:** WORLD3 reserves the right to assign or transfer its rights and obligations under these Terms without restriction, including to an affiliate or in connection with a merger, acquisition, reorganization, or sale of all or substantially all of its assets.

## 5. Notices:

- **Form of Notices:** All notices and other communications required or permitted under these Terms must be in writing to be valid. Notices may be given:
  - **By Personal Delivery:** Notices will be deemed received when delivered personally.

- **Address for Notices:** Notices to WORLD3 should be sent to [contact@matrixlabs.org](mailto:contact@matrixlabs.org) or to the address provided on the WORLD3 website for legal correspondence.

## 6. Entire Agreement:

- **Integration:** These Terms constitute the entire agreement between you and WORLD3 regarding your use of the Services and supersede all prior and contemporaneous understandings, agreements, representations, and warranties, both written and oral, regarding such subject matter.
- **Amendments:** WORLD3 may amend these Terms from time to time. If such changes are made, WORLD3 will provide notice as required by law. Your continued use of the Services following the effective date of such amendments will constitute your acceptance of the new Terms.

## 7. Language:

- **Language of Agreement:** This agreement has been drawn up in the English language at the express request of the parties.
